

## 1200 Lb. Magnetic Locks

The DKML (DoorKing Magnetic Lock) series of 1200 Lb. magnetic locks offer a wide range of high quality locking systems and brackets to accommodate most of your access control door locking requirements. These locks are designed for locking doors and are available with LED lock status indicators, relay signaling and built-in delay timers.

### Standard Features

- 1200 Lbs of holding force
- Quick release “pop” button assures instant release when power is removed
- Operates on 12 or 24-volt DC power, field selectable
- Designed for interior use
- Surface mount only
- Models available for single or dual doors
- Fail-safe
- 5-year warranty

### Models

- **DKML-S12-1** Standard model
- **DKML-S12-1L** Same features as the standard model and includes an LED status indicator (R/G) and built in signal relay. LED glows green when lock is secure, red when lock is un-secure. Relay activates with LED to provide a dry contact signal device.
- **DKML-S12-1LT** Same features as the DKML-S12-1L and includes a built-in delay timer adjustable from 1 to 90 seconds.
- All of the above models are available for single or dual doors
